

*My experience has been life transforming to say the least. Our practice has nearly tripled its volume all while becoming more profitable, working less hours (24hrs/week), delivering excellent patient-centered care and most of all becoming less stressful and more fun! More importantly, my wife, family and I are now creating our lives on our terms with more joy, freedom and abundance in every area. I thank Dr. Sovinsky and DC Mentors for helping me continually become better in every aspect of my life but also for helping to create a practice that makes me so proud to be a chiropractor.” - Dr. Sean Orr*

*Thank you Brain Spa and Seven Accounts System! Two years ago I did not think that I was ever going to be able to be a millionaire. Now I definitely know that I will be. The Seven Accounts System has really saved my life. With the accounts I've been able save money to not only get myself out of debt faster, but also been able to live my life while I'm doing it.*

What you do with

# Money Changes Everything

What if your beliefs about money turned out to be wrong?  
How soon would you want to know?

Imagine what it will be like when you no longer worry about money?

You have life insurance that protects your family if you die . . . but what if you live? Will they have all that you want them to have?

You are invited to attend this very special edition of Brain Spa entitled,

## What you do with Money Changes Everything

You will be personally guided through the DC Mentors Seven Accounts System™ and be able to use it immediately. Its content is so powerful we can't imagine you and your spouse missing it. Get here, especially if you are having an *out of money experience* and have to borrow the money.

Stop the drudgery of the middle class struggle and start building financial independence and prosperity.

What you do with your money changes everything. DC Mentors Seven Accounts System™ is designed to bring your future into the present so that you can do something about it. This system is an investment guide, not an investment seminar. When you put this plan to work for you money loses its power to inflict stress and becomes your tool for financial independence. Don't let your past wounds around money bleed into your future.

Here's just part of what you'll get at Brain Spa:

An action plan for creating your family's financial independence and Chiropractic Prosperity

An action plan for getting out of debt and staying out

An action plan that allows for 'guilt free' spending that doesn't sabotage your investments

An action plan that eliminates the "Worker bee" mentality and replaces it with the "Entrepreneur mentality"

Imagine no more stress or disagreements about money. This seminar will put you and your spouse on the same page.
